This question is for players rated 3.5 and above. The SCF Pickleball Club has many inexperienced and new members wanting lessons to improve their skills. Our Club is considering offering a series of teaching modules, each with four 1½ hour sessions for groups of 8-10 participants. The modules would cover areas such as “Beginning Pickleball”, “Advancing from 2.5 to 3.0”; “Advancing from 3.0 to 3.5”, etc. If the Club offers an orientation session for coaches/instructors and provides a Coaches Guide in which a prescribed curriculum and activities are laid out, would you be willing to coach/teach such a module along with a coaching partner?

The Board is interested in any additional comments or input concerning the Club that you have. Is there a program you would like to have offered? Is there something the club could do so you would enjoy your Pickleball experience more?
