I'm very new so I need instruction on all skills.
Just about anything that would improve my game

All
My serving could use improvement
<p>Everything- including looking for my bad habits. I actually had a woman tell me something</p> <p>I was doing wrong which never occurred to me before.</p> <p>She was very diplomatic about it. I appreciated her input.</p> <p>I know this is all by volunteers. I have not been able to get instruction on the skill level I need because it's always a lottery,</p> <p>If I am not picked on one of the two days that I can only play, then I have to wait until the next session and it happens again.</p> <p>I am coordinator for another club and not everyone can take over for me.</p> <p>I run a computer for the game. If no one that is trained on it can take over for me,</p> <p>for the weeks I have to commit to PB, then I cannot ever get any instruction.</p> <p>Maybe there could be a waitlist for people who have tried 2 or 3 times to sign up</p> <p>and/or can only play on a certain day because they are committed to running another club or have an ongoing medical appointment on a given day.</p> <p>I am not talking about someone who just wants to play in a club or could have someone easily take over.</p> <p>I, for one, only have two people that can run the computer besides myself.</p> <p>If they have vacation commitments or go North in the summer, then I am the only one running things.</p> <p>Just food for thought. Thank you for volunteering!</p>
I like when we get to play and coaches are at each court to critique us. Very helpful.
<p>Return of serve</p> <p>Backhand shots</p>
Game strategy.
Beginners to intermediate
<p>Strategy,</p> <p>Ball control, and placement</p>
<p>I started as a beginner, and loved the beginner class. It would be nice for it to have a beginning & end with a few full games.</p> <p>Then, a get-together for that beginners class, so we can get to know each other & develop teams!</p>
Strategies for setting up more advanced shots
Moving up from 2.5 to 3.0 & then 3.5 certification

<p>It seems we get on the court and dink a bit and start play. It would be nice to have an informal skill session</p> <p>where you would have a dedicated hour or so to practice a particular skill with an instructor/mentor on the court/</p> <p>or one instructor to two courts or a lead person to say we are taking this hour to practice</p> <p>I.e. serving, and the players on the court do nothing but practice serving.....in other words</p> <p>this would be a dedication hour/ 45 minutes to practice.(15 min for instruction of what and how to practice)....just an idea.</p>
<p>Special clinics could be held daily Mon.- Fri. in the evening or late afternoon.</p> <p>Each day would be a different clinic (the same each week).</p> <p>Mon.- dinking, Tues.- drop shot, Wed.- lob and return of lob, Thurs.- top spin drive, Fri.- Back spin shot.</p> <p>Those are just ideas I tossed out. Could do serve and return of serve....</p>
<p>Something to think about, Craig</p>
<p>strategy</p>
<p>About all of them</p>
<p>Most everything!</p>
<p>Dingy</p> <p>Serving the ball</p>
<p>I really enjoyed Ila's Wed. drill sessions. Very informative, very organized, and a huge attendance. So many good ideas and practical uses.</p>
<p>All of it. Im a beginner. Would love to find walls to practice on by myself.</p>
<p>Game play skills involving proper position and shot selection in given situations.</p>
<p>I may participate at the later times if that was the only thing to fit into my schedule. Not likely with a commitment or on a regular basis.</p>
<p>dinking, backhand, placement</p>
<p>Liked the Wed drill and play sessions.</p>
<p>I'm a strong 3.0 maybe 3.5 but I dont think there is any instruction for me. I've been doing drills twice a week with a group of 4 but it not as productive as it could be. It would be nice if there was a time when 5.0 players</p> <p>or good coach type players would what play and provide feedback on areas to improve on.</p> <p>Similar to what a organized team coach would do. I'd be willing to do that for lower level players.</p>
<p>Everything! But strategy mostly.</p>
